BUILD-TO-SUIT OPPORTUNITIES

MAKE SOUTH SHORE PARK YOUR BUSINESS HOME!

For generations, the A.W. Perry team has managed all aspects of commercial development projects for companies, including office, medical office, lab, industrial, retail, and most recently a luxury automobile dealership, ranging in size from 5,000 square feet to over 400,000 square feet. We've guided many projects through design, permitting, financing and construction, and have attracted major employers to high quality facilities on Boston's South Shore.

With multiple development sites available in South Shore Park, conveniently located just off Rt. 3 in Hingham (Rt. 3, Exit 36) and Rockland (Rt. 3, Exit 35) and surrounded by popular amenities, we are actively pursuing build-to-suit opportunities and look forward to partnering to develop a building for your company.

Welcome to the

SOUTH SHORE

A letter from Peter

For over 120 years, the South Shore Chamber has been a leading voice on critical projects that have shaped and strengthened the business climate in our region. After launching a regional economic agenda and coming out of Covid, the Chamber is starting to see something exciting – economic regeneration! Members are starting new ventures, new careers, shifting business models, or trying new ideas in their businesses – all with early positive results.

We are also seeing that relationships have never been more important – relationships with your customers, associates, Chamber members, and people you have yet to meet. We want to help you make these meaningful connections by providing better value through our new membership investment model and by introducing new products and programs like this Member Directory & Community Guide.

Thank you for your investment in the South Shore Chamber, your own future and a stronger region. Let us know how we can help you!

South Shore 2030

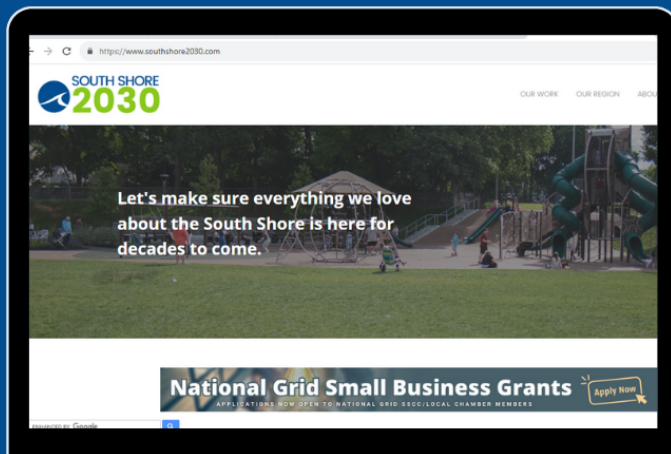

South Shore 2030 is the **South Shore Chamber of Commerce's** regional community and economic development plan. This evolving roadmap guides smart, informed planning decisions. A team of large and small business leaders, nonprofit leaders, elected officials, and policy experts are building and implementing a plan to promote our region's economic future.

How do we make an impact?

Support municipal officials and towns as they plan for growth and future development investment.

Deepen the business community's engagement on key economic development priorities like **housing, infrastructure, water management, transportation** and **workforce issues**.

Advocate for increased housing production, investments in infrastructure and better land use practices across the region.

South Shore 2030

2022 - 2024 Focus Areas

Housing

We will continue to work with communities, state and local officials, and the private sector to advocate for more responsible housing development in the region. Our businesses depend on it. New residents are our future customers, employees, entrepreneurs, and community leaders.

Water & Wastewater Capacity

Our work on Housing led us to more work on land-use planning, improved management of water resources, and thoughtful solutions to increase infrastructure capacity.

Improving Transportation

Our advocacy has been critical in bringing and keeping mass transit in the region for Boston commuters. We have now started to focus on intra-regional connections with surrounding areas outside of Boston.

Addressing Workforce Shortages

We continue to engage key sectors towards solutions to critical workforce shortages that make it difficult for our area businesses to recruit and retain talent.

Leadership Development

Good economic development depends on strong private sector leadership. We continue to work with emerging, support existing and welcome new leaders to the region.

Smart growth practices

Water management

Zoning & land use planning

Business assistance

Commercial & residential real estate

Neighborhood revitalization

EAT South Shore

EAT South Shore recognizes the need for a focus on the region's culinary industry. There is no need to travel to Boston for an excellent dining experience.

We understand exposure and marketing are vital to the industry as a whole. We provide a platform for showcasing all there is to offer in the region. By giving local restaurants a unique opportunity to showcase food and the culinary scene in the area, we help support the industry as a vital part of the region's overall lifestyle and growth.

EAT South Shore's goal is to promote the existing culinary scene, provide a support system for both established and new restaurant owners, and encourage the entrepreneurship spirit of the industry.

Why We're Members

"Whether casual drop ins or more engaged membership through boards and committees, participation with the South Shore Chamber has been time well spent personally, professionally, and for the benefit of the South Shore community. I have made personal connections, grown my land use and litigation practice, and been exposed to local ideas that transitioned to volunteer roles in my town. Baker, Braverman & Barbadoro PC is a proud member of the South Shore Chamber, and we are thankful for the efforts of South Shore Chamber leadership and its business partners to protect and grow the region's economy."

Why We're Members

"My family business has been a member of the South Shore Chamber for as long as I have lived. Personally I have utilized many of the resources that the Chamber has offered and have met many quality people through their events and volunteering committees I have been part of. It has helped me build my network, credibility and has educated me on various topics about running a successful company. Thank you, South Shore Chamber."

Why We're Members

"As an HR services firm, understanding and caring for people are our top priorities. Even in our first days as members, we realized that the South Shore Chamber was driven by the same focus. The Chamber has been an open and accessible partner that has already made tangible improvements to our company and our lives as business owners. Underwriting was also one of the best decisions we made in the last fiscal year. We became a smarter and more innovative company by learning from our partners in the Nonprofit and HR Groups. Most importantly, the Chamber team is welcoming and exceptionally talented. They have been available to help with every question and have become integral thought partners to Wellspring, helping us create a more valuable business and stronger network of friends in just our first year as members. We look forward to what the future brings!"

Why We're Members

"The backbone of any non-profit is the community that surrounds it. The South Shore Chamber has been a phenomenal partner to the South Shore Food Bank, helping us expand our network and our reach. More than just events, they have listened, supported, and facilitated introductions that have helped us meet some significant milestones. We wouldn't be the same without them."

Why We're Members

"I have been a South Shore Chamber member now for about 3 years. I have made many great connections that have helped my business succeed. Every networking event I go to I continue to meet Chamber members I have yet to meet. The support of the Chamber is great for a small south shore business like mine."

Why I'm a Member

"I grew up attending Chamber events for my parents' small businesses over the past 10+ years. Recently in the past two years I have been shifting my focus at the Chamber to growing my own small South Shore business. I feel lucky to have familiar and friendly faces as I navigate this new adventure. I have always felt welcome at Chamber events and look forward to attending opportunities as they arise. I have benefitted from networking, behind the scenes support, and brainstorming with SSCC staff and fellow businesses. I look forward to continuing my relationship with the SSCC as I support Boynton Family Dentistry, Transitions Training, and Sea to Believe."
